

Animal Open Day, Lakeside Care Farm

Event Information

Thursday 31st October, 10am-3pm

The Animal Open Day offers a chance for adopters (plus friends/family) of our care farm therapy animals, to meet their sponsored animals and have a chance to give treats and cuddles.

Non-adopters are welcome to attend for a £5 donation.

About us

Lakeside Care Farm is a thriving, effective and therapeutic setting, offering children, young people and adults with individual needs the opportunity for meaningful education and work-based experiences in nature conservation, farming, horticulture, animal care and Forest School activities.

Adopt a therapy animal

If you would like to adopt a Care Farm therapy animal, supporting the ongoing needs of our rescue animals who work hard for some of the community's most vulnerable people, please visit our website:

www.wiltshirewildlife.org/pages/shop/departments/animal-adoptions

Where we are

Lakeside is located on the Trust's Lower Moor nature reserve, within half an hour's drive of both Swindon and Malmesbury.
